

DREAMWEAVER MX WEBPAGE ASSIGNMENT OVERVIEW

You will be creating a 4-page website for yourself. The html pages and the media (Images, movies, clip art, etc) will be uploaded to the TEP WebServer.

Your website must contain AT LEAST these pages:

1. **The Introduction:** This page will contain some general information, but mostly it will be the starting place for visitors to navigate through your website.
2. **About You:** this page will contain some general information about you, your career goals, and your basic philosophy of education.
3. **Annotated Educational Resource List:** This page will be a Hotlist to online educational resources. Each entry will be accompanied with a brief description. This page may be the same assignment as your TEP201 resource list.
4. **Assignments:** This will be a link page top all the required assignments for TEP203. These assignments will also be uploaded to your website and accessible on the web.
