POWERPOINT
ASSIGNMENT OVERVIEW

In this assignment you will create a PowerPoint presentation summarizing the points of your Technology White Paper. You will then convert the PowerPoint to a web-version and upload it to the Assignments folder your Website and create a hyperlink from your Assignments page to the PowerPoint. You will also upload the PowerPoint slideshow and create a hyperlink to that as well.

Your presentation must contain AT LEAST these elements:
1. **Title page of the presentation.**
2. **Summary of all your main points in the Technology White paper.**
3. **Clip Art or graphics that support the points in the presentation.**
4. **Uploaded to website.**
